# WOODS CONSTRUCTION SURVEYING SERVICES

*Woods is a fully New Zealand and employee owned company that began nearly 50 years ago. Over that time we have grown to be one of New Zealand's largest multi-disciplinary companies.*

***Our team at Woods has the experience and know-how to deliver accurate, innovative and reliable surveying solutions on your next Civil, Structural, Infrastructure or Transport project. With modern techniques, workflows and quality control you can rest assured we do not cut corners.***

***With a heavy focus on technology and the backing of our industry leading scanning and UAV team, Woods can provide a full suite of surveying solutions.***
